

# Dishwasher Rinse Aid

1/2 cup Vodka

1/2 cup Distilled Vinegar

1/2 cup Cleaning Vinegar (unscented)

1 oz Young Living Thieves Household Cleaner

1 drop Young Living Thieves Liquid Dish Soap

1/4 tsp Citric Acid

15 drops Lemon Essential oil

15 drops Tea Tree Essential oil

5 drops Rosemary Essential oil

Add ingredients to a one pint mason jar, or any other glass bottle. Mine is from Ikea.

Add the appropriate amount to the rinse aid compartment of your dishwasher. Refill as needed.

## SUBSTITUTIONS:

Thieves Household Cleaner -none

Thieves Liquid Dish Soap-Natural dish soap

Essential oils-use only Lemon Essential oil

Notes: You may make this with only the distilled vinegar-use one full cup. I found that switching out 1/2 a cup of distilled for double strength cleaning vinegar worked best for me.
